

## **CMT's 13th Middle East/Africa PET Meet (MEAPET) Showcases Latest Trends and Technology Expansions in PET Packaging Resin Business**

*Centre for Management Technology (CMT) – the industry provider of global PET conference series - announced its upcoming conference 13th [MEAPET](#) (Middle East/Africa PET Conference) in Istanbul Turkey, put together as an exclusive platform for the entire supply chain of the PET sector to obtain latest trends in PET markets, pricing and prospects for the Middle East & Africa region.*

Taking place on 07-08 March 2012 and with the central theme of “Changing Landscape of the Middle East & Africa PET Industry & Impact on Regional Trade” the 13<sup>th</sup> edition of the annual series offers latest information on new upcoming PET projects and how the sector in this rapidly developing region will evolve. The 1.5 days meet also brings together top tier officials like Feedstock suppliers ([PX](#)/PTA/MEG), PET resin producers and traders, Polyester manufacturers, Polymer/Petrochemical traders, converter & preform manufacturers, Caps & closures manufacturers, Technology providers, Recycling companies, Bottlers/fillers, brand owner and more.

A special highlight this year is a stimulating panel discussion dubbed as Brand Owner’s Session on Trends & Challenges for Food Contact, Water & Beverage PET Packaging. The panelists leading this session include Mr. Panchal M.S., Technical Director, Arma Group and Mr. Emrah Guvercinoglu, Direct Material Purchasing Supervisor from Erikli Su & Nestle Waters Turkey.

13th [MEAPET](#) also features contributions by industry’s most influential names including:

- Mr. David Swift, Sr. Consultant, PCI PET Packaging Resin & Recycling Ltd presenting a paper on Organic Expanding Capacity but Diminishing Inter-regional Trade
- Mr. Orhun Kutevu, General Manager, Artenius TurkPET addressing new PET resin projects, Raw material challenges in his presentation on Challenges & Opportunities for the Turkish PET Resin Producers.
- Mr. Mrigank Dhanuka, Vice Chairman & Executive Director of Dhunseri Petrochem and Tea Ltd elaborating on Going Global: Expansion of the PET Business in the African Continent
- Mr. George S. West, Director, Chemical Intelligence reflecting on ‘Near term synopsis of the potential for shortages if demand recovers in 2012’ and ‘long term strategic outlook based on expected supply and demand’, in his presentation entitled Global MEG Markets: The Turmoil Ahead,
- Mr. Gordon Haire, Senior Consultant, PCI Xylene & Polyester Ltd. sharing his views on PX/[PTA](#) Crunch: What Can be Expected in 2012/13
- Mr. Raymond Asuquo, Managing Director & CEO, Zeopol Ltd talk about Trade Outlook & Challenges for rPET as a Commodity Resin.
- Mr. Yetkin Türken, Area Sales Manager, S+S Separation and Sorting Technology Gmbh discusses Value Adding Solutions for the Sorting Process in PET Recycling
- Mr. Claro Santos, Assistant General Manager / Plant Manager, Lotus Plastic Ltd delivers his paper on Nigerian PET Sector in Transition – Opportunities & Challenges

Besides above, CMT has also secured Gneuss Kunststofftechnik GmbH, SEM Plastik San. ve Tic AS, Farmamak Ambalaj Maddeleri ve Ambalaj Makineleri San. ve Tic. A.S., Parmalat South Africa, Husky Injection Molding Systems Ltd. as speakers at this [MEAPET](#) meet.
