

가                      가 ...

The diagram illustrates various chemical processes and their associated costs. The processes are arranged in a grid-like structure, with horizontal and vertical lines connecting different elements. The processes shown are:

- Full Yield
- Metrex
- Shell
- Amax
- Eurecat
- Cri-met
- Gulf & Matallurgical
- Sumitomo Metal Mining
- Metrex

The associated costs are indicated by numerical values:

- 50 ~ 100
- 2
- 30
- 99
- 400
- 40
- 50
- 1
- 2000
- 1
- 6000
- 92

The diagram also includes several Korean characters (가) which likely represent specific chemical components or processes.
